

CENTRIFUGAL PUMPS

TRILLIUM Wemco torque-flow recessed impeller, Wemco Hidrostral screw Impeller, Wemco chop-flow, Wemco grit pumps, Wemco WSP self-primer

TRILLIUM Single and two stage split case

TRILLIUM Model C abrasive duty grit pumps

GOULDS WATER TECHNOLOGY End suction, vertical, horizontal, vertical turbines

SETHCO Corrosion resistant pumps and filtration systems for pumping, transferring and filtering a wide range of industrial corrosive liquids, drum pumps, magnetic drive pumps, vertical and horizontal centrifugal pumps, sump pumps

WILO Horizontal split case single/ multistage, vertical turbines, axial flow, sump, API process pumps – single/multi stage, double suction between bearing designs, axially split multistage

SUBMERSIBLE PUMPS

TRILLIUM PUMPS Submersible torque flow-full recessed impeller

TRILLIUM HIDROSTAL® Screw centrifugal

GOULDS WASTEWATER Grinders, effluent, non-clogs, prepackaged sewage stations

TSURUMI Effluent, grinders and cutter pumps

KEEN PUMPS High volume grinder pumps, non-clogs

SELF-PRIMING PUMPS

TRILLIUM WSP Self-priming, solids handling pumps and complete prepackaged lift stations.

LIFT STATIONS Pre-packaged self-priming lift stations built to order

GORMAN RUPP Direct replacement

LOW PRESSURE SEWER SYSTEMS

KEEN Complete engineering/design of low pressure sewer systems; complete retrofit of existing systems; UL listed system

WATER BOOSTER SYSTEMS

GOULDS AquaVar Pump control systems, AquaForce™ pre-engineered and fabricated line of packaged booster systems

WILO-USA Packaged water booster systems

WATER TREATMENT

ITT WATER EQUIPMENT TECHNOLOGY

Providing Reliable Membrane based water purification and components. Global solutions for water treatment using: Reverse Osmosis (RO), Deionization (DI), Microfiltration (MF), and Nanofiltration (NF) membrane technologies. Standard systems, custom engineered systems and products/components to produce high purity or potable water from Seawater, Brackish water, Surface water sources and Reuse water from wastewater.

ELECTRICAL

CONTROLS Custom control panels built to your requirements; SCADA systems, motor control centers

MISSION Wireless SCADA, real time analog and control SCADA systems, telemetry, monitoring and notification services for water and wastewater

VARIABLE FREQUENCY DRIVES AND SOFT STARTS Toshiba, Yaskawa, General Electric

MOTORS General Electric, Baldor, Toshiba and U.S. Electric - all types of motors, gears and variable speed and inverter drives

PRECISE SYSTEMS, INC.

- Water and wastewater monitoring services
- Polymer dilution systems
- Complete package system

Orenco Systems®

PROCESSING EQUIPMENT

ORENCO SYSTEMS Affordable, sustainable wastewater solutions for residential, municipal, and commercial use. Low power usage & water reuse are some of the green benefits of our Advanced Treatment Systems. Also providing effluent sewers, watertight fiberglass tanks, pumping packages, electrical control and monitoring solutions.

TRILLIUM HIDROGRITTER® Complete degritting, chop flow

DESIGN & BUILD

- Lift Stations
- Booster Systems
- Special pumping, agitation, and metering systems
- Discuss your unusual needs with us

SERVICE, REPAIRS & TRAINING

- Vibration analysis/Laser alignment
- Two service centers designed exclusively for pumps & mixers
- Large inventory of new equipment & repair parts
- In plant service available
- Factory trained mechanics
- On-site machine shop
- Training seminars

* All product lines may not be represented in every geographic area - please contact your local sales engineer for clarification.
